

## PROGRAM SUMMARY FORM

**Education Standards and Practices Board** SFN 14380 (7-99)

Instructions: Institutions are to submit the Program Summary Form with each Annual Report (showing that year's data) or, in the years in which an on-site visit will take place, with the Institutional Report or Continuing Accreditation Report (showing the past 5 years of data). Indicate the number of graduates from the program areas listed below that your institution offers. Indicate all programs offered at the institution that are designed for the preparation of professionals working in school settings with children from birth to twelfth grade. The summary must include all programs advertised in the institution's catalog(s). Numbers reported should reflect all graduates who qualify to be recommended for educational licensure, whether the degree is confered by the education unit or through arts and sciences. For programs from which no graduates were reported, enter "0". All blank spaces represent program areas not offered by the institution. If only a teaching minor is offered (ex. bilingual ed. or early childhood ed.) please note that a minor only is offered. Information on minors is collected for purposes of determining shortages. For additional information on reports, see Procedures for ND Teacher Education Program Approval: Preparations for the Visit, Filing of Materials by the
